StowAway Buffet Board Installation:

1. Locate the two metal hooks. Insert the bare end of each hook into the pre-drilled holes on one edge of the buffet board.
2. Open the lid of the StowAway Box. Position the hooks perpendicular to the buffet board and hang the board from the back lip of the box, resting the front edge on the opposite lip. (As shown).
3. Simply lift the board and turn hooks parallel with board to remove and transport in the box.
4. Turn board over for a clean side, or wash the board with soap and water.
5. Two buffet boards can be placed side by side for additional food preparation area.
